SKILLS & TOOLS

Software: SAP, Microsoft Excel (Advanced), Bank of America Reporting Portal, Google Sheets

Technical: Dashboard development, financial reporting, data reconciliation, AI-assisted workflow automation, SQL (coursework)

Core Competencies: Accounts Receivable, Financial Reporting, Invoice Management, Treasury Operations

EXPERIENCE

Airbus Helicopters

Accounting Intern (AR)

Dallas/Fort Worth, TX
June 2025 - Present ○ 1yr

- Led compliance migration of a Fortune 50 Bank of America financial reporting pipeline from Excel to Google Sheets, converting raw data into a structured treasury dashboard — improving data visibility and standardizing reporting workflows for management.
- Track approximately \$1 million in weekly credit card payments and reconcile accounts receivable across a high-volume portfolio of roughly 300 invoices per week, working directly under an account specialist.
- Produce daily financial reports and maintain ongoing AR reconciliation, ensuring accuracy in cash positioning and supporting stakeholder reporting across treasury operations.
- Stationed at company headquarters with regular exposure to executive staff and participation in intern programming covering finance operations, supply chain, and management strategy.

Tau Alpha Phi

Treasurer

Dallas Baptist University
May 2025 - Present ○ 1 yr 2 mos

- Elected by a chapter of 40 members to own all treasury operations — dues collection, business communications, and chapter budget management.
- Coordinate directly with the DBU business office and external vendors on invoice handling, timely payments, and cash reconciliation.

Charles R Lynch AIA

Architecture Intern

Amarillo, TX
September 2022 - May 2023 ○ 9 mos

- Worked under a licensed architect through the PRO Program; attended client meetings and had direct client-facing interactions on commercial projects with an approximate material valuation of \$5 million.
